Revenue by Edu Level

Overview:

- Overall revenue is 55.32M
- Total interest is 45M
- Total transaction amount is 576M (Sum of Income)
- Male customers are contributing more in revenue (male segment shows strong activity across major volume groups), while female customers contribute comparatively less
- Blue & Silver credit cards are contributing to the majority of overall transactions and volume
- TX, NY & CA are contributing to 73% of overall revenue
- Overall Delinquent rate is 6.07%

Recommendations:

- **Boost Q4 Performance:** Address the noticeable revenue and transaction drop-off in Q4 by launching targeted year-end holiday promotional campaigns and rewards.
- **Upsell Premium Tiers:** Leverage the high transaction volume of Blue and Silver cards by introducing curated upgrade incentives to transition active users to Gold and Platinum tiers.
- **Geographic Diversification:** While TX, NY, and CA drive the bulk of revenue, deploy localized acquisition strategies in underperforming states (like NJ) to balance regional reliance.
- **Mitigate Delinquency Risks:** Implement proactive, automated credit limit monitoring and early reminder notifications for the 6.07% delinquent segment to safeguard portfolio health.
